

Cheerleading

Parents,

Welcome to our new program! Port Angeles Cheerleading is now Future Riders Cheerleading, and we are very excited for the program changes this year. We are offering a fall program for 2021, with once a week practices starting in June, moving to twice a week in August until the end of season. We are THRILLED to be adding stunting to the program! We are also looking forward to an end of year competition with our neighboring Olympic Peninsula leagues.

Let us begin by letting you know that all of our coaches are trained for their job. They are trained as youth coaches and cheer coaches, as well as certified for double-goal coaching (which teaches them the true value of what it means for children in sports), concussion, and sudden cardiac arrest, as well as stunting, First Aid & CPR. Your child's health and safety is a top priority with us, followed by their enjoyment of the program.

Please reach out to your squad assistant coaches and head coach, and then to our cheer president. Sometimes the simplest solution to the problem can be found by going through the chain of command. Your coaches will reach out to you with their contact information soon. Please follow the Future Riders Cheerleading facebook page for program information.
